kirbyak2408@gmail.com

Portland, OR 97201

*Energetically advanced in Alaska State Parks, mastering time management and carpentry, while ensuring park excellence through meticulous maintenance and public engagement. Excelled in operating heavy machinery and enhancing visitor experiences, showcasing strong operational skills and public management. Achievements include significant improvements in facility sanitation and landscape management, underpinned by a commitment to safety and community service. Additionally, I have created a strong foundation of software and coding through my computer science degree. Where I have learned technical thinking and developed proficient coding skills through projects and hands on work.*
